## YOUR INNOVATIVE HOME PHARMACY

## MULTI-WAVELENGTH COMBINATION

The certified Spectra-H lux operates based on a powerful and complex multi-wavelength combination of radiations: an infrared therapy laser at 905 nm, infrared diode radiation, red light, and a magnetic field.

This unique combination enables rapid pain relief for joint disorders, injuries, muscle damage, contractures, and neuropathic pain.

The combined depth effect within biological tissue may enable pain-free and medication-free treatment. Conditions that can be addressed include **issues of the joints, muscles, and musculoskeletal system**, as well as the **trigeminal and intercostal nerves**, along with **arthritis, arthrosis, radiculitis, lumbago, wounds, bone fractures, herpes, toothaches** - including **gum inflammation** - and other local, acute, and chronic inflammations.

## SAFE THERAPY FOR EVERYONE

- **NON-INVASIVE AND PAIN-FREE**

The application is pain-free and free of side effects – ideal for daily use.

- **EASY OPERATION**

Different radiation intensities can be easily adjusted at the push of a button.

- **COMPACT AND LIGHTWEIGHT**

The Spectra-H lux is small and lightweight, making it easy to use in a variety of treatment settings.

- **SAFE USE**

The ergonomic design ensures optimal handling, making treatment easier across various areas of the body.

**Health isn't everything, but without health, everything is nothing!**

## THE REVOLUTION IN YOUR HOME PHARMACY.

Medical specialists and laser therapy experts have collaborated with us to develop a safe treatment method for a wide range of conditions. The result of this years-long research is the Spectra-H lux, which has quickly proven successful among medical professionals, physiotherapists, rehabilitation specialists, and even self-users.

- **HOME & PROFESSIONAL USE**
- **SIDE-EFFECT FREE**
- **10,000 HOURS RUNTIME**
- **10-YEAR MANUFACTURER WARRANTY**
- **CHEMICAL-FREE**

THE FUTURE OF MEDICINE, TODAY.
